ANIMAL HEALTH CERTIFICATES (TRAVEL FROM ENGLAND TO THE EU)

In order to complete your pet's travel paperwork in time for your trip, we need to collect some details from you. Please complete and return the following information **at least seven days** prior to your appointment. Your pet will need to be examined and the certificate completed **within TEN DAYS** of your entry date into the EU.

Please prepare the following information to allow us to complete your Animal Health Certificate:

Name of owner:

Home address:

Country travelling to (if multiple, list all countries, highlighting the country you will enter through):

Point of entry (address of port/station/airport):

Dates of travel:

Address in country of destination:

Will the animal be in your care throughout the journey (Please tick 'no' if using a travel company, airline handler or if your pet is travelling with anyone other than, you, the registered owner):

YES/NO

Pet's name:

Pet date of birth (as stated on any vaccine paperwork or previous pet passports):

Species:

Breed:

Sex:

Colour:

Microchip number:

Microchip implantation date (if you do not have this, you can contact the microchip company for the information):

Last rabies vaccination date*:

Do you have a certificate or passport from your vet with an in-date rabies vaccination?:

YES/NO (If not, please contact the vet clinic who performed the vaccine to ask them to prepare this information).

*PLEASE NOTE THAT IF YOUR RABIES VACCINATION IS OUT OF DATE, YOU MUST WAIT 21 DAYS FROM THE INJECTION BEFORE YOU ARE ALLOWED TO TRAVEL.
